

UD TRUCKS

**Full Range  
Guide  
2022**

Providing the trucks the world needs  
**since 1935**

UD Trucks was founded by Kenzo Adachi in 1935 with the mission "to make the trucks the world needs today." We've continued to develop advanced technology, products, and services ever since, providing the transportation solutions our customers need. UD stands for Ultimate Dependability, and is at the core of everything we do.

# Model Overview

|               | MODEL     |     | GVM (kg)                    | ENGINE | POWER (kW/hp)     | TORQUE (Nm)   | TRANS.                | APPLICATIONS                                  |
|---------------|-----------|-----|-----------------------------|--------|-------------------|---------------|-----------------------|---|
| Croner        | PK 18 280 | 4x2 | 17,500                      | GH8    | 206/280 @2200 rpm | 1050 @1100rpm | Allison               | Tipper, freight, waste, tilt tray             |
|               | PD 25 280 | 6x2 | 24,500                      | GH8    | 206/280 @2200 rpm | 1050 @1100rpm | Allison               | Freight                                       |
| Quon 8-litre  | CD 25 360 | 6x2 | 25,000                      | GH8    | 263/360 @2200 rpm | 1428 @1200rpm | ESCOT-VI              | Freight                                       |
|               | CW 25 360 | 6x4 | 25,000                      | GH8    | 263/360 @2200 rpm | 1428 @1200rpm | ESCOT-VI              | Tipper, plant, tilt tray, water cart          |
|               | CG 30 360 | 8x4 | 28,500 Allison 30,000 ESCOT | GH8    | 263/360 @2200 rpm | 1428 @1200rpm | Allison 3200 ESCOT-VI | Waste front compactor and hook lift, agitator |
| Quon 11-litre | CW 26 400 | 6x4 | 26,000                      | GH11   | 294/400 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Tipper, plant, tilt tray, water cart          |
|               | CD 25 400 | 6x2 | 25,000                      | GH11   | 294/400 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Freight                                       |
|               | GW 26 430 | 6x4 | 26,000                      | GH11   | 316/430 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Prime mover, tipper and dog                   |
|               | GW 26 460 | 6x4 | 26,000                      | GH11   | 339/460 @1700 rpm | 2250 @1000rpm | ESCOT-VI              | Prime mover, tipper and dog                   |
|               | GK 17 430 | 4x2 | 16,500                      | GH11   | 316/430 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Prime mover, tipper and dog                   |
|               | CG 32 400 | 8x4 | 32,000                      | GH11   | 294/400 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Waste hook lift, fridge, pantech              |
|               | CG 32 430 | 8x4 | 32,000                      | GH11   | 316/430 @1600 rpm | 2000 @950rpm  | ESCOT-VI              | Rigid crane, tipper, FMCG                     |

## Do more with every minute in the Croner: UD Truck's medium duty solution.

Croner is named after Chronos, the god of time in Greek mythology, because it saves you time – and that saves you money. It means more time on the road and less time in the workshop.

With a comfortable cab, high torque UD engine and in-built fuel efficiency, Croner maximises productivity and minimises downtime.

**SAFETY**  
Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD), driver's airbag, digital reverse camera and seatbelt pretensioner as standard.

**PRODUCTIVITY**  
4x2 and 6x2 configurations. Wheelbase, rear-axle ratio and suspension options

**FUEL EFFICIENCY**  
GH8E engine with 1,050Nm of torque and UD's on-board fuel coach

**DRIVER EFFICIENCY**  
Allison automatic transmission and ergonomic cab design

**PRODUCT UPTIME**  
Robust component design and a high tensile steel chassis

**UPTIME SUPPORT**  
Genuine service, parts, roadside assistance, driver training and telematics

# Quon

## With innovation that puts people first, the Quon offers a host of industry-leading features.

The powerful range of Quon trucks offers a unique combination of high power to weight ratio, 8 and 11 litre engines, UD's world-class AMT (Automated Manual Transmission) the ESCOT VI, as well as the popular Allison 6-speed automatic. Coupled with a full safety package, the Quon delivers increased fuel economy, increased efficiency, reduced emissions and less driver fatigue without compromising on performance.

### Safer and more dependable

Safe driving is easier if the truck can predict potential dangers and warn the driver. The Quon features advanced technologies to enable this.

- Disc brakes on all wheels
- Electronic stability control
- Traffic eye brake
- Lane departure warning
- Brake blending
- Driver alert system (optional)
- Automatic hill start assist
- Adaptive Cruise Control (ESCOT VI only)

### SMART FUEL EFFICIENCY AND ENVIRONMENTAL CARE

#### Cleaner and more powerful

Refinements to the driveline have achieved a high level of fuel efficiency that contributes savings directly to the bottom line. The fuel efficient, powerful, and clean GH11 and GH8 engines comply with stringent pPNLT Emissions Standards that exceed Euro 6 emission requirements.

### SMART DRIVABILITY

#### Easier to use, smoother to drive

Completely re-designed cabin provides greater driver comfort. ESCOT-VI automated manual transmission is the next evolution in unparalleled operability. The robust Allison automatic transmission also offers a double overdrive and advanced shifting capability for on or off road conditions. These innovations contribute to a comfortable environment for drivers.

### SMART PRODUCTIVITY

#### Better productivity, better efficiency

We've reduced the weight of all models. This improves load handling and suspension. As a result of this lower tare weight, carrying capacities have increased on these models.

### SMART UPTIME

#### Reliable uptime for greater peace of mind

The Quon offers comprehensive aftersales services, such as genuine service, genuine parts, UD-TRUST service agreements, and UD telematics. This combination provides an unprecedented level of uptime, as well as the comfort of predictable costs and the peace of mind that your UD is receiving the best parts and service available.

# UD Extra Mile Support

At UD Trucks we live for ultimate dependability. We go the extra mile for you in everything we do, which in turn enables you and your fleet to go the extra distance. From service and parts to on-road support, driver training and telematics, UD Extra Mile Support is our complete solution that you can rely on to keep your truck running.

### UD Trust Service Agreements

UD Trust Service Agreements are tailored specifically to your business and designed to effectively lower the total cost of ownership of your trucks.

**UD Trust Basic** – Preventative maintenance delivered during routine services  
**UD Trust Extra** – Includes all that is included in the Basic Program as well as repairs to brake components.  
**UD Trust Ultimate** – The most comprehensive of our Service Agreements, covering all that is included in the Basic and Extra Programs plus repairs to electrical, engine, driveline, braking and steering systems.

### UD Roadside Assistance

You deserve peace of mind. If a breakdown brings your truck to an unexpected standstill, help from a UD specialist is only a single phone call away. Our dedicated call center specialists will stay with you every step of the way. UD Roadside Assistance will get you back up and running in no time.

### UD Genuine Parts

Because every part of your truck matters. Designed and tested to provide the highest quality and durability, UD Genuine Parts increase uptime and lower operating costs. Not to mention you'll also get 24 months warranty on all genuine parts as well as the labour when fitted in a UD workshop.

### Optimised Service Planning

We work with you to create a free Service Schedule. This Service Schedule is tailored to your truck and is designed to give your truck exactly the maintenance it needs - no more and no less.

### UD Driver Training

Our driver training program is designed to help build driver capability and performance. Courses cover not only vehicle handover and operation, but also the best methods to optimise fuel and safe driving.

### UD Connected Services

UD Telematics coupled with Fuel Watch (available through your dealership) provides you with comprehensive fuel and driving behaviour consultancy services. The system will help you improve your profitability by maximising vehicle uptime and fuel efficiency.

### UD Financial Services

UD Trucks Financial Services delivers a full range of products and services available directly through your UD Trucks dealer network. You'll get a finance or lease solution that's tailored to your needs from the same place where you purchase and service your truck.

The specifications in this catalogue are subject to change without notification. The specifications, colors, and other details of the actual vehicles might vary slightly. The addition of optional features could change the weight of the final product. For more information, please contact your nearest UD Trucks dealer. This catalogue is current as of May 2022.
